RACE ENTRY ELIGIBILITY

In 2009 Snowsport England will be responsible for organising the English Alpine Championships, the All England Championships, and the following three categories of race.

GRAND PRIX RACES

The aim is to provide an opportunity for the highest ranking racers to compete with their peers, and to provide competitions from which a ranking list in age and gender categories can be derived. Entry is determined by selecting the racers with the lowest seed points first. For 2009, there will be an entry cut-off of maximum **250 seed points** for all racers. There are seven Grand Prix races including two events on indoor snow. Rules for calculation of the ranking points are still to be confirmed. Racers born **1998 and earlier** are eligible for Grand Prix Races.

CLUB NATIONAL RACES

The aim is to provide races which will give performers with no seed points, or high seed points, the opportunity to improve. Entry is determined by selecting racers with the highest or no seed points first. Racers born **1998 and earlier** are eligible for Club National races. This year, there are fifteen Club National events, including two on indoor snow.

MINIS RACES

These will be held with each of the Club National Races. The aim is to provide an introduction to racing within the formal setting. Racers born between 1999 and 2002 are eligible for Minis races.

All Snowsport England organised races will be held on slopes that have been homologated by the Snowsport England Alpine Committee for the standard of race scheduled.

Any club wishing to hold training courses for officials should contact the Snowsport England office for assistance.
